

LUMI Light Headlight Restoration Kit

LUMI Light will restore yellow, cloudy headlights to bright, clear brilliance!

- Improves your night vision by as much as 90%
- Improve your vehicle appearance & safety
- Limited lifetime warranty with UV protection
- Clearer, hardest, most durable lens coating

LUMI Light

Most headlight repair kits today are based on short term solutions which require repeated maintenance. This includes temporary polishing systems that do not last, even when a clear coat is applied. By contrast, **LUMI Light** is engineered with the most permanent UV-A absorbers available. **LUMI Light** provides for chemical, water, heat and abrasion resistance, unlike any other products available on the market.

LUMI Light
